

FAWS presents:

AFA PreCertification Clinic

April 27-28 2019

Certification Success

The mission of the AFA PreCertification clinic is to provide the tools necessary for candidates to achieve AFA Certification. Our goal is to foster positivity and motivation for the certification process. Through extensive education about rules, regulations, shoe board modifications, and practical and written tests, participants will learn how to study, how to practice, and how to achieve certification success.
